

# UNIVERSITY OF WEST ATTICA

## SCHOOL OF ENGINEERING, DEPARTMENT OF CIVIL ENGINEERING

### Curriculum Vitae

#### 1. Personal information:

**First name(s)**  
**/ Surname(s)** : **Tsikritsis Antonios.**  
Gender/Date of Birth : Male , 11-1-1972.  
Nationality : Greek.  
email : tonyt@uniwa.gr  
Phones / Mobile : 2105381274

#### 2. Education and training:

**2015-16** : Graduated a master's degree (M.Sc.) in «APPLIED INFORMATION SYSTEMS», from the Department of Computer Systems Engineering, AEI of Piraeus T.T.  
**2009** : E-Learning Instructor Training Seminar (via distance learning) (EKDA).  
**2008** : E-Learning Technician Training Seminar (via distance learning) (EKDA)  
**1996** : Graduated of TEI ATHENS as electronic Engineer.  
**Map 1996** : Graduated of school of Hellenic Air Force as Communications Mechanic in telephone Centers Patch Panels, communications technics in data and speech  
**1989** : Graduated of Technical school in Electric Engineering.

#### 3. Other language(s):

**English** : Good knowledge of English Language - Certificate of Competency in English – University of Michigan.

#### 4. Work experience:

**Jan 2019– today** : EDIP - DEPARTMENT OF CIVIL ENGINEERS Laboratory Courses CAD Methods in Technical Works and Special Topics in CAD  
Support – Diploma theses of students  
Support – Content updates of the civ.uniwa.gr  
Distance education support for faculty members of the department

**Mar 1999 – Jan 2019** : Manager Network Development of the AEI Piraeus T.T. at the Department of Distance Education (OP) and the Department of Graduate Programs Open University UK: installation, configuration, Networking Support in Windows NT-2000-2008-2016 Server - Windows 2000/XP/vista/win 7/win 8 terminals, Web servers, e - mail servers, Antivirus server, Fax server, multiple Web Sites, Backup Services (Shandow copy, Backup Scripts, Backup to disk)

Installation settings of Video Conference. Support Systems for the Advanced Technology Program Requirements (Production-Editing-Video Digitization for creating Multimedia CD-ROMs. Construction of cross-creating CD-ROM,

Design - Develop technical Video Conference - Support Distance Learning over Internet and ISDN). Cooperation with the European University Institute (Greece, Romania, Spain, Germany, Italy) European programs Smart-B, Web-D in solutions on VideoConference (Construction Web Site, construction of 3D objects - videos for viewing on the web, making 3D graphics processing, newsletters) by coordinating and design work.

Working with OTENET on VideoConference solutions over web.

- Apr 2008 – Jan 2011** : Technical Support of MSE – Herriot watt University MSE in TEI of Peiraeus Design - Develop technical Video Conference - Support Distance Learning operations over Internet. Support solutions on VideoConference, Construction of Web Site, e-mail support, fax services and Computer Support.
- Jan 2002 – Apr 2008** : Technical Support of MSE - Open University in TEI of Peiraeus Design - Develop technical Video Conference - Support Distance Learning operationsover Internet. Support solutions on VideoConference, Construction of Web Site, e-mail support, fax services and Computer Support
- Jan 1996 - Sept 1997** : Telecommunications Engineer in the Air Force maintenance and installation of Computer and Telecommunication equipment Chamber M.E.Y. (Operations Support Squadron)
- Mar 1995 - Sept 1995** : Hardware and systems Support in Company "Systems Organization Nacional": Service ATMs Banks and computer equipment, arrangements, programming Digital Call Centers. Installation and maintenance of personal computers.
- Okt 1993 - Mar 1994** : Service Technician in the company "Amstrad Hellas": Installation and service H/Y, installation of operational systems to Pc and Servers, Hardware / Software support. Settings-improvement television and fax, EPROM programming tool with PC

## **5. Research - educational experience:**

- Feb 2007 – Sept 2019:** Educational process support (Page construction, e-mail Server support, Web application support) and technical support of the PMS Master's program of AEI PIRAEUS T.T. in Partnership with Heriot-Watt University of the United Kingdom in the field of Energy.
- Nov 1999 – Apr 2004** : Participation in the Distance Education educational program of TEI PIRAEUS with the object of developing educational material for distance education and supporting education using internet technologies.
- Oct 2001 – Oct 2003** : Participation in the Leonardo Da Vinci -Web-D research project with the object of making and presenting 3D graphics with WEB technologies of TEI PIRAEUS in collaboration with Universities of Greece, Romania, Italy, Germany and Spain. Presentation of works at the conferences organized in the individual Universities.
